

**Our show is about a tree through the seasons.
First we all need to collect some seeds.**

**This is Catherine. She sings in the show.
You can join in with the 'tree' action if you like.**

**This is Sarah. She sings in the show.
You can scrunch the leaves too.**

**This is Suzie. She plays the piano.
It's a surprise when she gets out her recorder!**

**Audience can sit/lie on rugs and cushions on the floor or on chairs/wheelchairs right by the performers.
Some children like to stay with their grown-ups.**

And some children love to come and explore. Teaching staff are encouraged to facilitate children to explore the set and props.

**You can move around and join in however you like.
Both children and staff are welcome onto the stage area at any time.**

**At the end you can stay and play with us and all the different things
we discovered in the show.**
